## Betsy road repairs ready for bids but money short

Where and how to scrape up between \$54,000 and \$73,000 in local funds are the lone obstacles now to starting repairs to Hurricane Betsy's damage to the beachfront road, the board of supervisors learned Tuesday.

A check with Warren Carver, who keeps the county's books, showed at least \$53,800 has been loaned from the road protection fund--which the supervisors have intended tapping to fix the beach road--and it now has only \$189,253.42.

That's \$72,772 short.

Inter-fund transfers to pay off various outstanding bills in the closing days of the old administration last month clipped down the road fund from its \$243,053.42 level. The seawall maintenance fund borrowed \$30,000. Boat 3 road and bridge maintenance got \$5,000 and Boat 4 picked up \$18,800 for road relocation work. Supervisors said Tuesday they thought the \$18,800 reimbursement for the road work had

## New vote March 5 on bonds

March 5 has tentatively been set for a repeat on the city's \$975,000 street improvement bond issue turned down by the voters Dec. 23.

Last Wednesday the city's advisory committee again recommended this course to the mayor and commissioners and those officials accepted the recommendation and set the date.

Commission Council and the majority of the advisory committee still consider this the preferable course and feel that if the proposal is properly understood by the voters they will reverse the Dec. 23 "no".

To see that the voters have the proper information in the proper perspective three subcommittees of the advisory committee were named:

Finance, David Treutel, chairman, Robert Hamilton and Joe B. Burrow, speakers; Joseph L. Marochino, chairman, and Lucien Raymond, and publicity, C. C. McDonald, Jr., chairman, Garry Lane and Powell Glass, Jr.

## Eye Lakeshore Road as state aid project

Rebuilding the Lakeshore Road as a state aid project for 1968 was proposed by the board of supervisors at an informal conference Tuesday with representatives of the State Highway Department.

Here to outline state and federal aid programs to create a network of secondary roads were Frank T. Moore, state aid engineer from Jackson, and B. L. Broome, district engineer.

State aid money not under contract and now available totals \$164,318.72 and it grew at the rate of \$8,660 monthly last year. Federal aid secondary money from Uncle Sam is

now \$45,610.82. This comes in once a year, usually in the fall, and ordinarily the county can expect \$22,745 but it depends on the Congressional appropriation.

That gives Hancock \$210,000 available now and it can get advance credits of 90 per cent on six months' accruals, Smith pointed out. The present board of supervisors can expect state aid money of \$104,000 a year or \$416,000 in its four-year term, plus about \$90,000 in federal aid which would make a total of \$506,000 in the next four years.

Moore and Broome indicated they would be receptive to the Lakeshore Road project. It was rebuilt in the late 1940s as a federal aid secondary job. Broome cautioned that rebuilding now as an FAS project would entail somewhat more stringent regulations than pure state aid but after Moore explained the safety consciousness of the U.S. Bureau of Public Roads, supervisors were inclined along the federal route. Rights of way would have to be 70 to 80 ft. compared to the present 60 ft.

Broome said the two curves he knew of on Lakeshore Road wouldn't meet federal regulations. Russell Elliott, Boat 5 supervisor who is pushing the Lakeshore job, observed that the recent South Street improvement between Clermont Harbor and Waveland had a 45 degree curve and already had resulted in one fatal accident and 45 persons requiring hospital treatment.

Elliott said he is asking to withdraw the programming on

arrived and could be put back in the bond fund, reducing the shortage immediately to \$53,972.

There's a slim chance too that the county can provide the necessary documents to get \$16,000 reimbursement from federal emergency relief money for work done right after Hurricane Betsy hit Hancock County two and a half years ago. That would further reduce the amount needed to \$37,972.

Russell J. Elliott, Boat 5 supervisor and president of the board, assured the highway department representatives the board would find some way to transfer money to the road protection fund from other accounts so the county would not lose the federal assistance. He observed that he had enough in the Boat 5 road and bridge fund to make a substantial transfer.

Broome cautioned that the low bid on the job might run over estimates and the county would have to put up more than the \$262,025 as its share.

He said the highway department and bureau of roads were ready to start advertising this week or next--wherever they were assured county funds were on hand. Supervisors indicated they would be ready to act for advertising on the 5.92 millo project to start at their Feb. 5 meeting.

## Driver changes plea, 15 years in 7 fatalities

Two men were sentenced to the state Penitentiary by Judge Leslie B. Grant Friday in the final week of the January term of Circuit Court.

Leroy Christmas drew 15 years and Alton Sanders, alias Harold White, eight.

Christmas, 28-year-old Pearl River Negro, drew seven 15 year terms, all to run concurrently, when he changed his plea to guilty of manslaughter in the Nov. 1, 1967, four-car crash which resulted in the death of Harold W. Nienaber, 43, of New Orleans, his wife and 17 year old daughter Irene, and four occupants of the Christmas car, Wilbert C. Williams, 14, and Ralph Williams, 15, of Bay St. Louis; Archie Thomas of Waveland and Richard Burton of Pearlinton.

He pleaded not guilty to the seven manslaughter charges but earlier in the week a 12-man jury took only 17 minutes to return a guilty verdict in the first trial, the death of Nienaber. Christmas appeared before Grant with his court-appointed attorney William Frisbie, District Attorney Boyce Holleman and assistant Albert Necaise prosecuted. Witnesses said Christmas' car was headed west on U.S. 90 near the Bayou Coward bridge at Pearlinton when it sideswiped two cars, also headed west, on the drivers' sides and then struck the Nienaber vehicle, headed east, almost head-on in the eastbound lane.

Sanders, about 50, of Washington, D. C., was sentenced after a jury found him guilty of cashing a \$215 check at Winn-Dixie Supermarket on April 7, 1966. State attorneys said the check was drawn on a non-existent bank in Mobile, Ala., and bore forged signatures. Sanders endorsed the check as Harold White.

Grant set bail at \$5,000 in event of an appeal by Sanders who was represented by a court-appointed attorney, Joseph H. Benvenutti.

Sanders was arrested by Piquette police when he attempted to cash the check.

## 2 dead in US 90 mishap

Hancock County suffered its first highway fatalities of 1968 early Wednesday when two men were apparently killed instantly and a third man injured in a single car accident about 1:15 a.m. near the Mississippi truck scales on US 90.

The car, a 1958 Chevrolet, rammed a construction barricade and flipped over several times, hurling all three occupants from the vehicle.

Alleged driver of the car, Kenneth H. Roberts of Biloxi, later charged with manslaughter, is in fair condition in Hancock General Hospital under 24-hour police guard. He is being treated for facial, head and foot injuries.

Pronounced dead on arrival at the hospital were John G. Woodcock, 35, of Bogalusa, La., and James W. Stringer, 36, of Warren, Ark. The two were apparent passengers.

Bodies of the victims are at Robbman's Funery-Whitfield Funeral Home pending arrangements. Investigating officers are David Broome of Mississippi Highway Patrol and Deputy Sheriff Billy Carbone.

(Cont. of Page 3-A.)

## United Fund elects

James R. Ginn was elected president of Hancock County United Fund Tuesday, O.J. Howe, vice president, Mrs. C. R. Beyer, secretary, J. A. Weinfurter, treasurer, and eight new members were elected to board of directors. From left are, first row, Mrs. Beyer, Howe, Weinfurter and Ginn; second row, W. Ray Gordon, Mrs. James D. Ryan, Mrs. E. A. Michaelson and Thomas E. Flynn; third row, Walter D. Weaver, Jr., Rev. John T. Dearing and James Drummond.

## Waveland inks dog catch pact

Contracting with a dog catcher and planning a trip to Atlanta in search of a \$700,000 federal grant for a sewer system for Waveland were major items before the Town Council last Wednesday night.

John Ory Bourgeois was hired as an independent contractor to serve as dog catcher at \$8 a month, plus receipts for boarding dogs at the town pound at \$1 each day with the town to buy the food. Motion was by Alderman Dominick Sonier, seconded by John Longo.

The contract was signed by Mayor Garfield Ladsner and Bourgeois was given credentials in case he is questioned. Bourgeois expressed worry about if the dog dies when he misjudges its weight in using shots from the tranquilizer gun. Attorney Lucien Gex, Jr., advised the town will be responsible for the cost of the dog's care and as soon as it is cleared by the state board of health, the ordinance says any unlicensed dog can be shot on sight.

Council asked persons to phone Bourgeois at 467-7853 with any dog complaints.

Mayor Ladsner, Longo, Clerk C.O. Dugour and E.M. Dornblatt and Eli Abbott of the town's consulting engineers were authorized their expenses for the

Atlanta excursion this week. Waveland is seeking the grant from the Department of Housing and Urban Development with half the cost to be put up locally for the sewage collection system. The town already has been promised a \$177,000 grant as half the cost of a treatment plant.

Council also considered buying a used gasoline operated generator from a New Orleans surplus dealer as a back-up for its water system in event of power failure and a fire. Gex suggested the \$1,950 price might come from the water and gas system improvement bonds. Price on a new generator without a control panel was given as \$5,000.

Gex reported that Charles and Trautman, St. Louis bond attorneys, have approved the \$300,000 issue and earlier this month and as soon as it is cleared by the state board of health, the ordinance says any unlicensed dog can be shot on sight.

He also advised council to check into the town's automobile insurance in view of the \$20,000 judgment recently awarded against the city of Bay St. Louis by a Circuit Court jury. Ladsner said the town has \$100,000

## Bumper field in Jaycee DSA race

Nine nominees, a record field number will vie for Hancock County's Distinguished Service Award this year. The award, sponsored annually by the Bay St. Louis Jaycees, will be presented at Bay-Waveland Yacht Club Saturday night.

Charles Carter, Jr., general chairman, said the award is an all time high this year. "We are delighted that so many civic and service organizations, and individuals, have seen fit to nominate outstanding young men for this award. Each of the nominees possesses excellent credentials, and the judges will have a difficult time making a decision."

Nominees from Bay St. Louis are William Eugene Brennan, James R. Ginn, Nicholas Malcom Hane, Amos A. Korgeson, Donald Joseph Lush and John W. Wilkerson.

Prepared from Waveland are Andrew B. (Burt) Barrett, Jr., Lucien M. Gex, Jr., and Thomas W. Kidd.

To qualify for the award a nominee must be between the ages of 21 and 35 and a resident of Hancock County.

DSA nominees will be guests of honor at the eighth annual awards ceremony Saturday for which Mississippi Attorney General Joe T. Patterson will be featured speaker.

Recipient of the DSA will be Hancock County's outstanding young man of 1937 and will

compete for the state title. This selection will be made in February by the Mississippi Jaycees at their winter board meeting in Hattiesburg.

Carter said requests for tickets to the banquet have nearly exceeded the capacity at the yacht club. For information see James Ginn at Hancock Bank or phone Carter at 467-6535.

## News Briefs

### BARDS OF BAY

Bay-Waveland Yacht Club Juniors will stage Bards of the Bay, their mock carnival ball, on Friday, Feb. 9.

### CANDY STRIPERS

Candy Strippers will meet at 10 a.m. Saturday in the Hospital conference room.

### CYO CAKE SALE

Our Lady of the Gulf CYO will hold a cake sale in front of some of the local stores Saturday.

### CYO DANCE

The 12th of Never, New Orleans, will furnish music for OLC Catholic Youth Organization's dance from 8 p.m. to midnight, Feb. 3.

### FIRING POSTPONED

Insulation breaks caused by tanking tanks with super cold fuels have caused a delay in test firing of the S-II-4 rocket stage at Mississippi Test Facility until Jan. 29.

### MISSING MAN

Jefferson Parish authorities and the Coast Guard were searching the Mississippi River at Marrero, La., this week for Louis R. Turner, 49, of Pearlinton, who has been missing since Jan. 15 from the tug, Fellow Sea, docked there. Koch, Ellis and Collins Towing Co. own the tug. Mrs. Turner said yesterday it was believed he slid on the icy deck and fell into the river.

### GOLF CLUB ELECTS

Elected to the board of directors of Pass Christian Isles Golf Club at its annual stockholders meeting Sunday were J.K. McGehee, Dr. George Arceaux, Roy Capehart and Gordon Murdoch. The full board will meet Friday to select officers for the year.

### BIBLE STUDY

Rev. E.L. Stewart, pastor, First Assembly of God Church, is conducting a weekly Bible study on the book of Revelation at 7:30 p.m. Thursdays at the church on Arnold Street, Waveland.

### PARADE APPLICATIONS

Anyone wishing to participate in the Krewe of Noroids parade on Sunday, Feb. 18, may clip and fill out form on Page 4-B, of the Echo and mail to Mrs. O.J. Mollare, Mollare Drive, Waveland.

### Legislators assigned committees

State Reps. Walter James Phillips of Bay St. Louis and Lonnie Smith and Senator Martin T. Smith both of Poplarville fared well Monday when legislative committee appointments were announced by House Speaker John J. J. Sullivan for the Senate.

Phillips was reappointed chairman of the Temperance Committee and named vice chairman of the Ways and Means Committee. He also will serve on Judiciary A, Interstate Cooperation, Joint Committee of Both Houses, and Investigation of State Officers committees.

On the Ways and Means Committee, Phillips replaces Rep. George Payne Cosser, commander for speaker who was named chairman of the House Rules Committee.

Lonnie Smith will serve as vice chairman of the Fisheries, Commerce and Shipping Committee and as a member of the Appropriation, Education, Judiciary A, Census and Apportionment, and Public Buildings, Grounds and Lands committees.

Senator Smith will be vice chairman of the Insurance Committee and a member of the Finance, Judiciary A, Municipalities, Forestry and Marine Conservation Committees.

On the recommendation of the port and harbor commission, the supervisors voted to award Yates & Patterson, Inc., of Jackson the contract

to build the first phase of the new county airport, subject to approval by the Federal Aviation Administration, along with architecting Michael Baker, Inc., consulting engineers, and get a change order on the runway paving. Yates & Patterson has said the \$500,000 contract on paving would require a change of quantities to increase the project and change the price from \$8.75 per ton to \$10.50, an increase of 20 cents, or about \$1,000 in all.

Assignment of Michael Baker and Gerald Cox as port attorneys at \$100 for the two months also was approved.

A proposal to study and recommend insurance coverage for county property to be distributed among stock company agents in the county was pre-

## Subdivision study Don't change rules but name planners

Leave the sub-division ordinance alone and create a county planning commission to serve as a review board. That in essence is what the Chamber of Commerce area development committee told the board of supervisors Monday after studying proposed amendments to the ordinance which would create three lower grades of sub-divisions.

Mrs. Wayne Ducomb, committee chairman, told the supervisors her committee had concluded that the proposed amendments "are not in the best public interest in relation to public health and protecting land value," whereas the regulations adopted last February are "and should be retained 'as is.'"

The committee consulted with local real estate agents, Man Stone of the Farmers Home Administration, Wayne Alliston and Tom Wade of the state health department, Jack Dufrenoy and Volney Cissner of the Gulf Regional Planning Commission and other interested persons.

To most expeditiously implement the regulations, they recommended:

1. Establishment of a county planning commission to act as a review board and advise the supervisors on sub-division regulations and other land use.

2. Adoption as soon as possible of a county zoning ordinance through a comprehensive land use study based on existing land use.

3. Requiring county building permits.

4. Employment of a resident county engineer.

5. Making available at cost sub-division regulations printed in pamphlet form.

Mrs. Ducomb noted that the committee's recommendation for a land use study and zoning was an alternative to making any changes in the existing ordinance. The group did not feel it could sanction special treatment as to roads and sanitary conditions, she observed.

To Beat 2 Supervisor Dolph Kellar's objection he did not want building permits in his district. Mrs. Ducomb said this might be amended to cover only residential building. C.A. Russ, III, of Beat 1 suggested it be on a beat basis.

Supervisors took the matter under advisement along with a recommendation from Stone of

(Cont. on Page 6-A.)

## Acquit pair of trespass

In a jury trial that was under way late last Wednesday past, the Echo's headline, Joe Everett and Phillip (Clarence) Garcia were found innocent of trespass charges brought by Dr. M.L. Dodson of Waveland.

The men said they were duck hunting and did not see posted signs in their vicinity. The property involved is north of the railroad tracks between Clermont Harbor and Waveland, Dodson said.

The verdict reversed a previous JP hearing.

The board held over, pending study of its finances, a price of \$0.14 for a 33-channel electric band radio set covered by Lucien Kidd, county CD director. Kidd said he needed the equipment to tie in the various communication systems and other smaller radio systems added later. His request for a petty cash account was referred to the board attorney, Joseph Bonaventura, for study.

Kidd also was directed to get purchase orders from Chancery Clerk Mario Quintini for articles requisitioned earlier this month for Hancock County civil defense at the government surplus installation in Jackson. Kidd said actual cost of the goods was \$8,170.30 and county would have to pay \$811.74 for them. The city of Bay St. Louis will provide a vehicle to transport the goods here from Jackson.

Supervisors went along with a request from the county school board for a \$80,000 short term loan in anticipation of ad valorem tax collections to enable the school district to clear up outstanding debts. John D. Rutherford, Jr., presiding

# Report from Jackson

By Rep. Walter J. Phillips

On Monday of this week the Senate met with L. Charles Sullivan presiding. As president of the Senate, one of his first official acts was to announce the appointment of 84 of the 45 Senate members. Under the rules of the Constitution, a bill cannot be passed without first being considered and reported by the committee.

I feel that I, and in turn our district, was favored with my appointment to the Finance, Judiciary, A. Marshall, Education, and Marine Conservation Committee, and as vice chairman of the Education Committee. During the last regular session of the Legislature, of the 2100 bills presented, approximately 24 per cent went through one of the above named committees. The legislation in this percentage will continue to hold true for this session.

Up until this week, with the appointments of committee members, very little legislation had been introduced. Several bills of interest to our district, however, have been submitted and I have had the privilege of joining in their introduction. One of the bills, S.B. 1527 which would authorize the state to withhold 2 per cent of the sales taxes reported for compensation for collecting the tax. I also joined in introducing Senate Bill No. 1523 relating to prohibiting obscene literature and pornography.

A third measure was provided for a limited annual session of the legislature rather than an unlimited one every two years. One other measure produced which I feel has interest to this district is one which would give women the privilege of serving on state court juries.

Other matters come before the Senate, I will also bring to your attention. I want to assure you that I am interested in your thoughts on any pending or proposed legislation and will welcome your comments or correspondence. You will write me at the State Senate, New Capitol Building, Jackson, Mississippi 39205, expressing your interest. I will appreciate it. Please include your complete return address, however, so that I can respond to your inquiry.

Changes please...

(Cont. from Page 1-A.)

I attempted to cash a check there and later brought to Hancock County. The prosecution said Sanders had a long FBI record and Sanders countered that the FBI had him confused with another Alton Sanders but during testimony taken during the absence of the jury, Harrison County officials said he had also been indicted there for robbery.

Kidnap clerk in market hold-up

"I was so scared I still shake when I think about it," was the reaction of the pretty blonde victim of a \$184 robbery of the Lill General Food store, who was also kidnapped and held for ransom.

The thief, a man wearing an orange shirt and black pants, Makko Peterson, 24, of Pass Christian, was alone in the store on the dark, heavily built, young man entered around 9:45 p.m. Saturday. He asked for a pizza, handed her \$2 and as she turned out change, ordered her to give him contents of the register or he would 'knock her over the head'.

He then grabbed her arm and ordered her to run to his automobile, described by witnesses as a white Pontiac, showing her in on the driver's side and brandished a tire iron which had been lying on the seat. The car sped down Hancock Street where it was spotted by Alvin Ruhl, who called police.

Mrs. Peterson, who described her abductor as 'not handsome, but not really rough in appearance', said he asked where she lived, and apparently decided he didn't want to drive to Pass Christian, so returned to U.S. 90. He drove about eight miles west, pulled off the highway and set her free. She was picked up about ten minutes later by an off duty policeman from Houston, Tex., who took her back to the store.

Investigating officers Police Chief Letha Garcia, Patrolman Alvin Farris and Douglas Williams said another customer Phil King of Waveland, saw the pair run from the building, but thought they were just hurrying to escape the cops.

Ladner earns Purple Heart

Pfc. Burnett J. Ladner, son of Mr. and Mrs. Randolph Ladner of Rt. 1, Pass Christian, has been awarded a Purple Heart.

Ladner, who attended Hancock North Central High School, was wounded in the left thigh and right leg by enemy small arms fire while on combat patrol. He is undergoing treatment at a service hospital in Vietnam.

The combat veteran returned to the Army on May 15, 1967, completed his basic training at Fort Polk, La., and arrived in Vietnam on Oct. 24 of last year.

Letters

(Cont. from Page 2-A.)

pay or political ambitions and submitted the only real and verifiable proposal to allow our state to elect direct representatives to the state.

I challenge any and all groups to submit a proposal to elect all representatives from this date, or they will be forever barred.

This 20th day of December, A.D. 1967, NORMAN RAU, Administrator 1/3-1/11-1/10-1/25/68

## News Briefs

### CORRECTION

Rev. Percy Hatch of Pearl River and Henry Orlan, lay leader of Waveland Methodist Church will preach at 11 a.m. service on first and third Sundays of each month at Lake Shore Church and not Clarendon Harbor as was reported last week.

### WAVELAND DOG POUND

Ory Bourgeois, custodian, asks that anyone owning a missing dog please contact him between the hours of 9 and 3:45 p.m. daily as seven dogs are now in the pound and owners only have five days to reclaim their pets.

### FICTION AWARD

Carol Ann Godfrey, daughter of Mr. and Mrs. R.W. Godfrey of 1506 N. Beach Blvd., has been selected winner of the prestigious Hopwood Award for undergraduate fiction at the University of Michigan.

### SHOOTING MATCH

Proceeds from a benefit shooting match scheduled for 2 p.m., Sunday at Jimmy Loder's Friendly Lounge, Andale, will go towards defraying medical expenses of five year old Susan Summers who has been under medical treatment since she was 13 months old.

### CRAIG/RICK CARNIVAL

A full day's activities has been planned from 9 a.m. to 8 p.m., Jan. 27, for the Craig/Rick Carnival Team starting with a bake sale at 9 a.m. in Gulf Plaza and ending with a dance at 8 p.m. in St. Paul's Gymnasium, Pass Christian.

### TO INSTALLATION

Brother Roland Smith, president of St. Stanislaus High School, and Brother Lee Barker, principal, will represent the Brothers of the Sacred Heart at the installation of Bishop Joseph B. Brunini as eighth head of the Natchez-Jackson Diocese in Jackson Jan. 29. Most Rev. Luigi Raimondi, Apostolic delegate to the U.S., will conduct the ceremony.

This the 8th day of January, 1968. SHILLEN MARIE JOHNSON FLETCHER TRUSTEES NOTICE OF SALE

Whereas, on February 11, 1966, Vernon L. Ladner and wife, Verdille E. Ladner executed a deed of trust in favor of First Federal Savings and Loan Association of Mobile, Mobile, Alabama, Fred Mannino, trustee, which deed of trust is of record in Book 113 at Page 380 of the Records of Mortgages and Deeds of Trust Lands in Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, said deed of trust was assumed by Dennis E. Wiltshire and wife, Linda Wiltshire, by deed dated July 29, 1966, of record in Book S-8 at Page 333 of the Land Deed Records of Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, on August 1, 1966, the above named Wiltshires executed a second deed of trust in favor of Vernon L. Ladner and wife, Verdille E. Ladner, of record in Book 116 at Page 116 of the Records of Mortgages and Deeds of Trust Lands in Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, default having been made in the payment of the indebtedness secured by the first deed of trust in favor of First Federal Savings and Loan Association of Mobile, Mobile, Alabama, Fred Mannino, trustee, and the holder of the note as said deed of trust has requested the trustee to foreclose same; therefore, on the 9th day of February, 1968, I will offer for sale at public outcry and sell during legal hours, between 11 A.M. and 4 P.M., at the front door of the County Courthouse of Hancock County in Bay St. Louis, Mississippi, for cash to the highest and best bidder the following described property situated in Hancock County, Mississippi and being more particularly described as follows:

Lot One (1), Block B, 4th Therville Place Subdivision, as per the official plat of said subdivision dated March 29, 1965, on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, in Plat Book 3, Page 23.

I will convey only such title as is vested in me as trustee. Witness my signature this 15th day of January, 1968. FRED MANNINO, TRUSTEE 1/18, 1/25, 2/1, 2/8/68

ADVERTISEMENT FOR BIDS Notice is hereby given that the Board of Supervisors of Hancock County, Mississippi, will receive sealed bids until 10:00 o'clock, A.M., on the 19th day of Feb. 1968, for the sale to it, for the use of supervisor's District No. 4 of the following described road machinery and equipment, to-wit:

One new diesel powered tandem drive motor grader, 142 H.P., hydraulic controls, 4 speed forward and reverse hydraulic power shift transmission with torque converter, 14.00 x 24 10 ply tires on 10 inch rims with four wheel power brakes, hydraulic shiftable moldboard, 80 gal. fuel tank and equipped with one-cab.

In purchasing said equipment the Board intends to take advantage of the provisions of Section 2937 of the 1962 Code of Mississippi, as amended by Chapter 248 of the 1966 Laws of the State of Mississippi, and pay therefor in installments, and when the amount of the notes to be determined at the said meeting public bids will be accepted for the sale of the said notes therefor, or pay cash in the discretion.

Published by order of the Board of said Jan. 22, 1968. MARIE E. QUINTINI Clerk By: Loida Carvor, D.C. 1/25, 2/1, 2/8/68

### NOTICE TO CREDITORS

CAUSE NO. 10,402 Letters of Administration on the estate of Charles Traub (Sr.), deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 16th day of January, A. D. 1968, and all persons having claim against said estate are hereby notified to present their claims to the Clerk of said Court within six months from this date, and failure to do so probate and register same in six months will bar the claim.

This the 18th day of January, A. D. 1968. WARREN F. TRAUB, Administrator of the Estate of Charles Traub (Sr.), deceased 1/18, 1/25, 2/1, 2/8/68

### NOTICE TO CREDITORS

NO. 10,398 Notice is hereby given that letters of Administration on the estate of Viola Pope McLaurin, deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 8th day of January, 1968, and all persons having claim against said estate are hereby notified to present their claims to the Clerk of said Court and to have them probated and allowed within six months from this date, failure to do so will bar the claim.

This the 8th day of January, 1968. SHILLEN MARIE JOHNSON FLETCHER TRUSTEES NOTICE OF SALE

Whereas, on February 11, 1966, Vernon L. Ladner and wife, Verdille E. Ladner executed a deed of trust in favor of First Federal Savings and Loan Association of Mobile, Mobile, Alabama, Fred Mannino, trustee, which deed of trust is of record in Book 113 at Page 380 of the Records of Mortgages and Deeds of Trust Lands in Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, said deed of trust was assumed by Dennis E. Wiltshire and wife, Linda Wiltshire, by deed dated July 29, 1966, of record in Book S-8 at Page 333 of the Land Deed Records of Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, on August 1, 1966, the above named Wiltshires executed a second deed of trust in favor of Vernon L. Ladner and wife, Verdille E. Ladner, of record in Book 116 at Page 116 of the Records of Mortgages and Deeds of Trust Lands in Hancock County, Mississippi, on file in the office of the Chancery Clerk of said county and state, and,

Whereas, default having been made in the payment of the indebtedness secured by the first deed of trust in favor of First Federal Savings and Loan Association of Mobile, Mobile, Alabama, Fred Mannino, trustee, and the holder of the note as said deed of trust has requested the trustee to foreclose same; therefore, on the 9th day of February, 1968, I will offer for sale at public outcry and sell during legal hours, between 11 A.M. and 4 P.M., at the front door of the County Courthouse of Hancock County in Bay St. Louis, Mississippi, for cash to the highest and best bidder the following described property situated in Hancock County, Mississippi and being more particularly described as follows:

Lot One (1), Block B, 4th Therville Place Subdivision, as per the official plat of said subdivision dated March 29, 1965, on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, in Plat Book 3, Page 23.

I will convey only such title as is vested in me as trustee. Witness my signature this 15th day of January, 1968. FRED MANNINO, TRUSTEE 1/18, 1/25, 2/1, 2/8/68

Miss Barbara Kennebrew and her sidesman Herb Ramon, who is driving the car.

This is my first new car. I am a librarian at Hancock North Central School and needed a car. I first went to American Driving School and received my instructions, then began inquiring about automobiles. All of my friends seemed to be very pleased with price and service at Gerry Lane Chevrolet. I shipped and bought there because of convenience of service and the pleasant personnel who waited on me. I recommend very highly Gerry Lane Chevrolet, to all of my friends.

BARBARA KENNEBREW

## Port group ponders pact with engineer

Michael Hase and Gerald Cox, attorneys for the port and harbor commission, were discussing the possibility of a proposed new contract with Michael Baker, Jr., Inc., of Jackson, the construction engineer, and expect to meet with their board next week.

Philip Hase, vice president, and Gerald Cox, engineer, are expected to meet with the board of directors to discuss the proposed new contract with Michael Baker, Jr., Inc., of Jackson, the construction engineer, and expect to meet with their board next week.

## Subdivisions...

(Cont. from Page 1-A)

The FBA has a planning committee to conduct a study to determine the need for various water and sewer district areas.

Some explained that these districts would operate similar to the Rural Electrification Administration with subsidies if the need to construct was high. Application already has been made to the FBA for a grant for the Central water system, to serve about 400 people in Lumberton, Hanceville and Coalinga in Pearl River. An application is also being prepared for Bayou Plaquemine.

Joseph Bonaventi, board chairman, was directed to check into the matter.

Supervisors appointed Fred Wagner, Bay St. Louis architect, to the Gulf Regional Planning Commission filling the vacancy created last year when Joseph V. Colson of Waveland resigned. Wagner, moving for Wagner's appointment, noted to be a faithful member of the commission's advisory board.

Barth Fred Cox was authorized, if it is within the commission's jurisdiction, to proceed with the plan to build a new water system in the city of Bay St. Louis. The plan is to build a new water system in the city of Bay St. Louis. The plan is to build a new water system in the city of Bay St. Louis.

## State aid...

## Hawkettes, Rocks and VCI triumph

Despite the fact that the county basketball team shared well Tuesday night, the Hawkettes, Rocks and VCI triumphed in the final round of the tournament.

Meanwhile in Valena C. Jones gym, Willie Bradley's protégés took a triple-header from Pass Christian, the Tigers winning 58-67, the Tigerettes 47-17, and the Jvs 31-17, the Tigerettes now boasting a 15-1 record. High scorers were Larry Peters 20, Ernest Taylor 15, Lionel Adair 9, Fred Starks 14, Alphonse Shepard and Michael Lemuel 12 each and Fred Lemuel 6.

Mr. and Mrs. James D. Nease, young son and daughter, Herb Nease, are shown by their car in the foreground.

Mr. Nease, a native of Bay St. Louis, lives in Waveland and has a car in the foreground. He is shown with his family in the foreground.

## Recover stolen cars, arrest two

A 23-year-old man, giving up his car and a 1964 Oldsmobile, was arrested by the Highway Patrol on charges of grand larceny of five vehicles, possibly more, several having been found in the yard of his Waveland home when arrested. The Federal Bureau of Investigation is assisting the patrol in this case.

Virginia Young, of New Orleans and a 15-year-old male companion were brought to jail after their arrest by Deputy Sheriff Dorr in Pearl River on Monday. The 1964 Corvair which she was driving had been reported stolen from a Great parking lot.

Deputy George Rayburn and Lee Wood investigated a 1964 Ford convertible left at a

U.S. 90 truck stop on Monday and discovered through the Highway Patrol that it had been reported stolen from a parking lot in Bay St. Louis, Miss., on Jan. 9. Questioning revealed that the two women who checked the car, were last seen riding in a transportation driver.

Reid, who will be sought by the Highway Patrol, arrested in Bay St. Louis, in possession of a 1967 Chevy II, which was taken from Waveland parking lot Saturday afternoon. The owner, Lea Craddock of Waveland, reported the car disappeared while she was shopping. Reid is believed to have abandoned a 1968 Mercury just across the Bay bridge in Harrison County and hitch-hiked to the shopping center where he found Mrs. Craddock's car.

It's tax time

shows general sales climb

Bay St. Louis' sales tax rebate for November 1967 sales was \$9,922.78, up from \$6,266.65 for the same period last year.

Last month's check, for sales in October, was \$7,420.28 against \$5,172.98 in '66.

Reason for the increase is the inclusion of newly annexed area sales and increase in business.

The state charges five per cent of the total for collecting the money so for the one per cent tax it means the city merchants did over \$1 million worth of business in November. Christmas sales will be reflected in next month's check.

OK airport...

Cont. from Page 1-A

resolution adopted by the school board at a special meeting last Saturday, said debts ran back six and seven months.

He cited school revenues last year was \$116,000 for February, \$16,638 for March and \$10,500 for April, a total of \$143,000. Kellar moved to approve the request with Benveniste to draw the necessary papers.

Supervisors deferred final action Monday and again Tuesday pending preparation of necessary legal papers on the school board's request for a \$25,000 loan from its bond fund to purchase two portable classrooms for Hancock Central School. No petitions in objection were filed by the deadline Monday.

Referred to the attorney was a bill from Beat 5 Justice of the Peace Nellus Rhodes for premiums on his bond from 1962, amounting to \$200, which he claimed is due under recent action of the state legislature. Elliott, a former JP, said he had been notified by the state of the new measure but did not plan to collect.

Kollar observed that if the board paid back premiums for one officer, it would have to for all others and the sum would run about \$2,000. Both he and Supervisor Joseph Curvas of Beat 3 wondered about the reported retroactive clause. The act was said to apply to contracts made after Jan. 1, 1967.

After a two-hour study of bids for annual supplies received Jan. 2, the board accepted various proposals in 37 categories, including those with Assistant County Engineer Arthur Rogers recommending rejection on the basis of distance between the dealer and delivery point. Kollar requested Deputy Clerk Leola Carver to incorporate all accepted bids in the minutes.

## Stanislaus pair honored

Brother Lee Barber, S.C., principal of St. Stanislaus, poses with Michael Meyers, left, and Bortin Chovio as they are named Teen-agers of America for 1968.

## Teen-agers of U.S. cite Chevis, Meyers

Two students of St. Stanislaus High School—Bortin Chovio and Michael Meyers—have been selected outstanding teen-agers of America for 1968. Brother Lee Barber, principal, announced this week.

The Outstanding Americans Foundation, a nonprofit organization dedicated to honoring, inspiring and encouraging young people to take full advantage of the opportunities in America, sponsors this awards program annually.

Winners were selected on the basis of ability and achievement and will compete with others in the state for the Governor's Trophy, awarded annually to the outstanding teenager in each state. They will also be eligible for one of the top 15 national awards and college scholarships made available by the foundation.

Bortin, a senior, is the son of Mr. and Mrs. John Chovio of Bay St. Louis. He was president of his sophomore class and a junior officer. He is past president of the CYO and is vice president of the Legion of Mary. He has been a member of the school's basketball team for three years and has maintained an A average in his high school work.

Michael, now in his junior year, is the son of Mr. and Mrs. Harvey W. Meyers of Bay St. Louis. He was freshman class president and a sophomore officer. He has been a member of the Student Council during his three years in high school and has taken part in football, basketball and track. In scholastic work he has achieved an A average in high school, and was a member of the Confraternity of the Sacred Heart for two years.

Rev. A.L. Pittman, pastor of Pass Christian Methodist Church and Mr. John Chovio, is shown with new car.

I told my good friend Rev. Charles Giles of Pearl River that I was interested in a new car and he told me that he had bought two from Herb Baron and recommends him highly to all of his friends.

I went to see Mr. Baron at Gerry Lane Chevrolet and must say that I got an excellent deal. I, too, recommend Herb Baron and Gerry Lane Chevrolet to anyone interested in buying new or used cars.

REV. A.L. PITTMAN  
Pastor Christian

## Davis Smith voted top LSU reporter

DAVIS SMITH

## Cox named class choice at PRJC

Bruce Jay Cox has been named sophomore class favorite at Pearl River Junior College for the 1967-68 school year.

Son of Mr. and Mrs. Lawrence Cox and grandson of Mr. and Mrs. Forest Luke, he was runner up for Mr. PRC and was class favorite of his freshman year at the college.

Named athlete of the season he was placed fourth for the Wildcats and received an offer from Delta State College to join that football squad.

The fall staff of the Louisiana State University campus newspaper, The Daily Reveille, has named Davis Smith of Bay St. Louis outstanding reporter of 1967 for his coverage of many top news stories of the year.

The top news story of the year, coverage of the appearance of Socialist Party Vice Presidential Candidate Paul Boutelle on the LSU campus, was covered by Smith and reporter Maureen Miller.

The No. 2 story, the appearance of Igor Gouzenko, first secretary of the Russian Embassy in Washington, D.C., who came to the LSU campus under the sponsorship of the Student Liberal Federation, was covered exclusively by Smith, who was invited to accompany Student Liberal Federation leaders to New Orleans to meet Gouzenko's plane and escort him through the day's round of speaking engagements and press conferences.

A third top story, coverage of campus disturbances and riots prior to the Ole Miss football game, was handled by Smith and reporter Stan Najolia. Smith is a 1963 graduate of Bay High School where he lettered in football, and a graduate of Pearl River Junior College, which he attended on a football scholarship.

## Life in pastor's home

Advantages and Disadvantages of Being Raised in a Preacher's Home was subject upon which three lovely Carey College co-eds expounded at recent Ministers' Wives' Club meeting on campus. Discussing pros and cons of subject together following panel-type program before some 20 wives of ministerial students are, from left, Cheryl Watts, daughter of Dr. and Mrs. John Watts of International Baptist Theological Seminary in Zurich, Switzerland; Kay Dearing, daughter of Rev. and Mrs. John T. Dearing of Bay St. Louis; and Paula Fife, daughter of home missionaries to Alaska, Rev. and Mrs. Stanley A. Fife.

## Teen Times

Apparently the worst of the flu season is over, at least a number of schools from school to diminishing. Everyone now that lots of rest, fruit and vitamin are still the only real remedy for colds and flu, but it's amazing how many school kids get sick. Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes. Some who have been taking turns all but blowing away in the icy wind on the bridge include Pam Lolicano, Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes. Some who have been taking turns all but blowing away in the icy wind on the bridge include Pam Lolicano, Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes. Some who have been taking turns all but blowing away in the icy wind on the bridge include Pam Lolicano, Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes.

So much for the free advice. But before we leave the topic above altogether, Betty Jacobs is due a good wish having been out of school with flu last week.

Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes. Some who have been taking turns all but blowing away in the icy wind on the bridge include Pam Lolicano, Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes. Some who have been taking turns all but blowing away in the icy wind on the bridge include Pam Lolicano, Rhonda Fleming and her TAP workers are doing a great job of collecting for the March of Dimes.

## We care

## Who cares

# if the blueberries in our blueberry pie are wild?

Some people may not care...but we care.

Your grandmother's classic blueberry pies were baked with juicy, wild berries.

We think they're the best for pies.

So, we're stubborn.

Only wild berries get into our Jane Parker Blueberry pies.

In fact, we care so much about such things, we've made just one big change in the classic recipe.

We bake only wild berries that are U.S. Grade A.

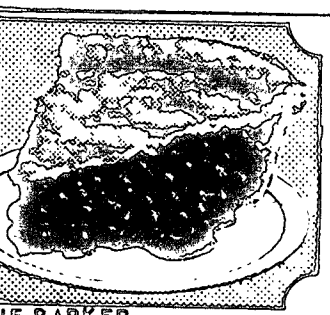

We're that fussy about all our baking.

No matter what it is, if it's baked by our Jane Parker Bakers, it's baked with quality ingredients.

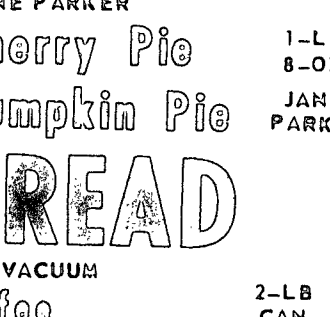

It's baked with pride and care.

If you want proof that caring this much counts, try a Jane Parker Blueberry Pie this week.

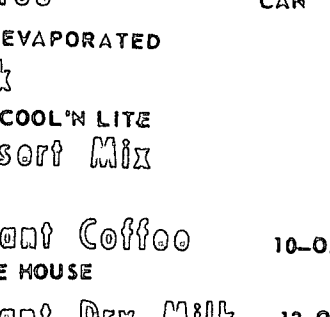

The price? It's as wild as the blueberries.

## 32nd Annual Journey

# Teams to show teeth in Bay's Tigerdome

Two-year-old Tigerdome still trembling from the cheers of thousands of spectators at last year's annual Bay High School Invitational Tournament opened last night.

Games were slated for 7 p.m. in the boys division. Bay High and St. Stanislaus were the featured teams.

Bay High and St. Stanislaus were the featured teams. The girls' games were slated for 7:30 p.m.

Thursday's schedule is: 6 p.m., girls, Poplarville vs. Harrison Central; 6:15, boys, Pass Christian vs. Ocean Springs; 7:30, girls, Bay High vs. St. Stanislaus; 8:45, boys, Bay High vs. St. Stanislaus.

Four boys games make up Friday's program. They are: 5 p.m., winner of Long Beach vs. Poplarville; 6:15, winner of Ocean Springs vs. St. Stanislaus; 7:30, winner of Hancock North Central vs. Pearl River Central; 8:45, winner of Pass Christian vs. Ocean Springs vs. Harrison Central.

Saturday, Jan. 26, and 1:15 girls semi-final, 3:30 and 4:45, boys semi-final. Girls finals are at 7:15, boys 8:45. Trophies will be awarded by city officials and Joe D. McCullough, municipal school system superintendent.

This year the boys division is almost evenly matched al-

though Stanislaus, North Central, St. Martin and Poplarville seem to have a little edge.

But it's a different story in the girls division which has two of the best teams in District 8 -- Bay High and Pass Christian -- and the odds are that the pair will wind up in the finals. Pass Christian's girls are defending champs having defeated Bay High by only a few points in the final but this year coach Billy Sills' lassos have already defeated the Pass lassos three times in three clashes.

Superintendent McCullough said extra parking room will be provided by opening the area in front of the school for parking and that there will be plenty of auxiliary policemen to direct traffic.

A special student body meeting was called Tuesday to brief students on behavior patterns for the tournament. "One of the reasons schools are anxious to play in the annual Bay High Tournament is courtesy," McCullough said adding that officials are trying to secure other tournaments for the Tigerdome including the District and South Mississippi AA and A tournaments.

## Tops

Top Tiger and Tigero scores Anthony Laddner and Ann Perkins show ball to be used in first game of Invitational Tournament this week in Bay High School's Tigerdome.

## Hawks fly-in ends

Hancock North Central eagles apparently got their compass points confused last week.

After going through half their schedule with only one loss against 18 victories, the Hawks were grounded by Northwood Jones 78-74 Friday and by South Jones 41-38 Saturday. The Hawks also dropped two but the junior variety got some revenge with a 45-38 win over South Jones Saturday.

The Hawks started like they would coast to victory taking a 22-15 first quarter lead but Jones evened the score 42-42 at halftime. Hancock cameback after intermission and going into the final frame led 59-55 but disaster struck in the last quarter and Northwest tied the score again, drawing away with 23 points to the Hawks 15.

Louie and Eddie Laddner, Clyde Moran and Glen Davis scored 19, 18, 15 and 13 points in that order for the Hawks while Terry and Jerry Bush led Northwest with 23 and 23. Although Jo Ellen Cuevas and Sandra Laddner made 16 points each for the Hawks they dropped the opener 38-45. The Hawks had no excuses against South Jones Saturday losing by quarter scores of 10-21, 10-17, 21-21 and 18-23 mostly because of Jones' Robert Watkins who looped 40 points. For the Hawks Louie Laddner scored 25, Eddie Laddner 10 and Clyde Moran 10. Torrey Mitchell collected 9 points to lead the junior Hawks. North Central is now 16-3 for the season.

Looks like the scouts will go on their delayed camp out this week with better weather showing up. They are members of troops 217 and Teddy Stechmann is scout master.

Bobby Fayard has been getting his share of quail. Bobby is a good hunter and takes to the woods on every occasion.

Law violations do not pay off. Four Warren County men were arrested for head lighting deer. They were remanded to jail until fines were paid. The same thing can happen to those catching fresh water fish over the limit. Be good sports. Keep within the limit, it pays off in the end.

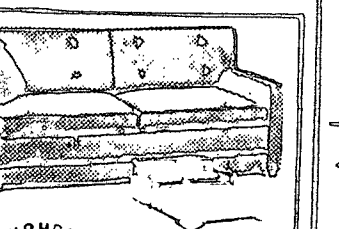

Bob Von Ehren is waiting for the time to get hard crabs. Bob is an expert at boiling them and he and his buddies enjoy crab boils. Won't be long now buddy.

Teddo Thomas' feet are itching to get into the water after soft crabs. Teddo is one of our best soft shell crabs. The best months for catching soft crabs is March and April which are not too far off. They are caught later, also.

Jack Seuzeneau, one of our best salt water fishermen is taking up fly fishing. It's one of the best sports there is in our way of thinking. Practice makes perfect, Jack.

Now that hunting is practically over better clean the old blunder bus and put it away. Salt water rusts a gun pronto. Vaseline is also a good preservative to keep your gun from rusting, while in storage.

Was sorry to read of the death of Whitney Ensell. Whitney visited the Bay often. He had a lot of friends locally - He trained Ralph Dupas, Gerry Lott and other prominent boxers.

THE HOUSE OF HIDE-A-WAY BED Reg. 249.95 Sale Price SIMMONS 229.95 W. A. McDONALD & SONS Second St. at the Railroad

## Knock-Knock whips pants off men's wear specialists

Trapani defeated Anthony 89-79 in a real offhanger Sunday, before the largest crowd this season, to take over undisputed possession of the lead in the Annunciation Basketball League at Kila. Sunday's games marked the opening of the second round.

The Traps are now 7-1 for the season followed by Anthony 6-2, St. Williams 5-2, Krack Stars 5-3, Doliolo 4-4, Oblako 2-6, Lizana 1-7 and Lakeshore 1-7.

This Sunday the Krack Stars will be trying to earn a tie for second place when they meet Anthony in the first game. North is Lizana vs. Lakeshore, Trapani vs. Oblako and St. Williams vs. Doliolo.

In Sunday's first game St. Williams defeated Lizana 111-87 with Wayne Moran hitting for 31 points, Larry Cowart 28, James Laddner 14, Harry Laddner 13 and Paul Rodrick 11. For Lizana, Bonnett 26, Edwards and Taylor 19 each, J.C. Lizana 13 and J.R. Northrup 12.

Next was the battle between the leaders, a good, well played game featuring some almost unbelievable shots by players on both teams who hustled from start to finish. Greg Quinlan, Biloxi basketball coach, lead Trapani with 29 points followed by Konny Randall 20, Tommy Godwin 18, Bob Cuccaro 11 and Lionel Hoda 8. For Anthony Eddie Peterson got 24, Larry Johnston 19, Jerry Spall 16, Leroy Luke 8 and Ross Maurigi 6.

Lakeshore broke into the win column on a forfeit by Doliolo.

The Krack stars defeated Oblako 97-87 led by Bobby Jones 26, Sullivan Boll 22, Winston Ausmer 20, Sanders Boll 16 and Clifton Manning 9. Willie Bradley hurt his leg in a game last Thursday and didn't play.

### MICHAELSONS WIN

Winners of games played Thursday evening at the Garden Center by the Bay Bridge Club members were Mr. and Mrs. E.A. Michaelson, first, Mr. and Mrs. Joseph Barbo, second and Mrs. Mildred Means and Mrs. T.J. Garner, third.

## lovely 'triangle'

Constituting a lovely triangle--for picture purposes--these three Pom Pon Girls from University of Southern Mississippi. They lead cheers for Southern basketball squad all home games. In foreground, from left, are Mary Edith Wilson, Gulport, also member of famed Dixie Darlings; Dale Russell, Bay St. Louis; Betty Jo Ray, Ocean Springs, also member of Dixie Darlings. They met Sanford University in Hattiesburg. (USM Photo Service)

## Kracks net 132 against Coasters

Thursday night at Pass Christian the Krack Stars of Bay St. Louis ran up what is believed to be the highest score posted on the Coast this season when they defeated the Coasters 132-78 in an independent semi-pro basketball game.

But it was a costly one for the Stars as Willie Bradley, Valena C. Jones coach and ace player, injured his leg and may be benched for a couple of weeks, a bad break for the Kracks who will be trying for second slot in the Annunciation League on Sunday in Kila.

## Linksmen blame bad weather for high scores

Pass Christian Isles Golfers showed the effects of idleness caused by bad weather during the last few weeks and the lowest score turned in over the weekend was 73 shot by Red Reinke of Bay St. Louis and Low Kising of Slidell who tied for first place in Sunday's Sweetpeas. Joe Comacoy and Mrs. John Hohnstetter, Pass Christian, tied for second with 81 and Mrs. Emilio Willis, Pass Christian, was third with 82.

Saturday's results are Irwin Betho, Pass Christian, 75; Willis, 76, and Mrs. Willis 79. PLAN NOW FOR YOUR Holiday Travel Call Hancock Bank Travel Department Telephone 467-6819

SPORTSMAN OF WEEK - Sheldon Souzeau, Jr., does both salt and fresh water fishing. He enjoys his speed hull and fishes lots in outside waters. He prefers fly rod and gets his share of green trout and perch when they are crudding.

and ordinary cats that destroy the eggs and young birds. It is the impression that stocking with wild quail caught in traps would be more effective than with pen raised birds. Wild birds know their way around and can protect themselves.

Maybe our local Gun and Rod Clubs could help out in restocking and protecting these widely hunted birds of Hancock County.

Our local civil defense unit and Coast Guard should be praised for the work they are doing in saving lives and helping those in distress, mostly in outside waters. Lucien Kila and his co-workers are really on the job.

Conventional safety pins can be manufactured at a rate of about 90 per minute. One in your tackle box can come in mighty handy for a rip in the pants, pocket, etc.

Was a pleasure to meet Curtis (Curt) Hancock, former resident of Hancock County. Curt is an old time fisherman and also catches porpoise that are placed in marina life places.

He told us of Prisoner Key in the marshes where speckles and red fish are usually caught. We have a lot of young boys in our midst who are not yet real teenagers who are good hunters and fishermen. Among them is John Amos who gets his share of game and fish. John lives on Jordan River and owns his own speed hull.

G.O. Wilson, who is out at the test site, enjoys fishing, floundering and soft crabbing. G.O. expects to get his thrill of all these sports when the time is ripe.

M.A. Payne is building a camp out Blue Meadow Road where he can enjoy his favorite sports, skiing, fishing, etc. Welcome to the Bay, fellow. Good news comes from Pearlinton that the high water in Pearl River has receded and is showing signs of clearing. Shouldn't be long now before fresh water fishing will get good in this section.

John Schick and Eddie Bialak, his guest, plan to catch up on their fishing as soon as conditions get right.

A number of local sportsmen took time out to attend the inauguration of Governor Williams at Jackson last week. They had a ball as they put it. Of course, they are colonels on the governor's staff.

Jack Carrigan will get back to fly fishing as soon as the quail season is over. Jack loves both sports and gets his share of game and fish.

**Shop A-1 RADIO & TV SERVICE**

"where SERVICE is a part and a continuation of every sale" -we do all our servicing ourselves- SERVICE IS OUR NAME ...ask your neighbor!

**PHONE 467-6375** U.S. Highway 90 West Bay St. Louis, Miss.

**OLD take 666**

**BACKACHE & TENSION** SECONDARY TO MONEY IRITATION Common Kidney or Bladder Irritation make many men and women feel tense and nervous from frequent burning or itching urination night and day. Secondly you may feel sleep and have headache, backache and feel other things depressed in such cases a 24-hour usually brings relief by curbing irritating urination and quickly relieving pain for \$2.50 at drug stores.

**What good is just one telephone?**

Not much. Except as a curio. Or you could use it as a doorstop. It's the other telephones that make yours valuable. The more people you can call, the more your phone is worth.

Back in 1876 there were only two telephones in Boston, and that was it. Today, there are more than 103 million phones in the U. S. alone and almost 4 million new ones were added last year. A real bargain, your telephone. And getting more so all the time!
